## ➤ PASSENGER ELEVATORS

Our Elevators are energy efficient, low maintenance with exceptional finish and aesthetics. The Best quality imported motor, drive system, ropes and rails makes our elevators a step ahead in reliability, safety and quality, providing a comfortable smooth ride.

## ➤ HOME ELEVATOR

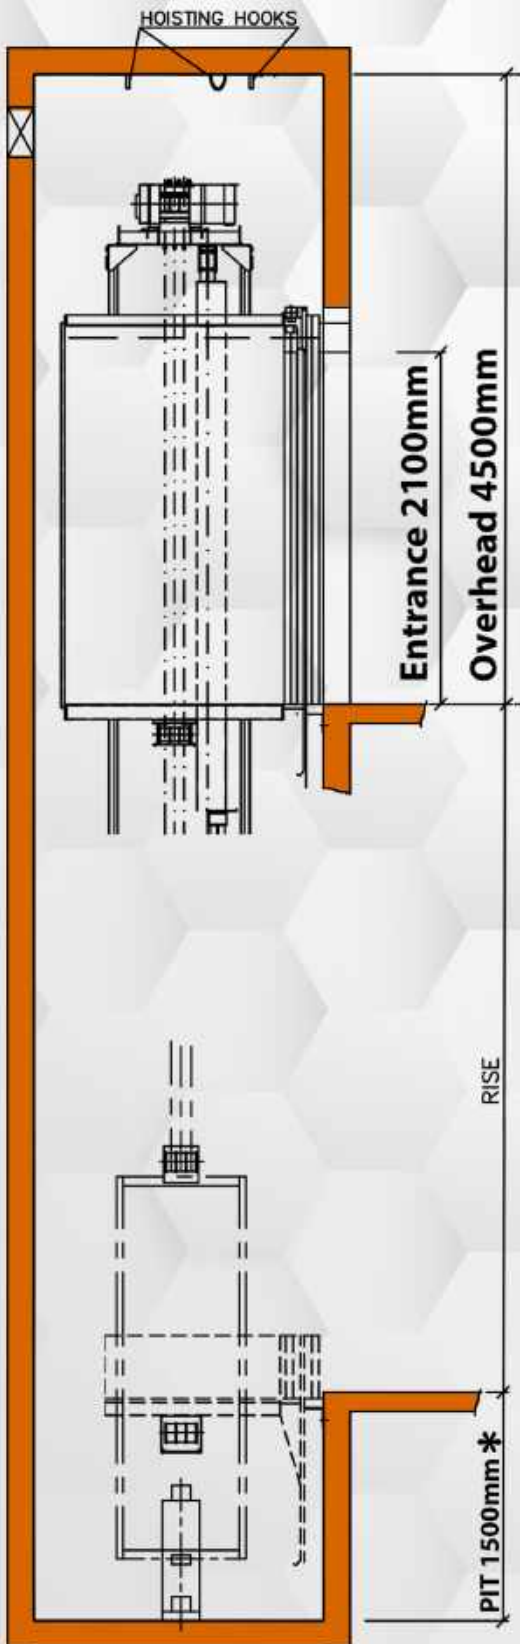

Our residential elevators are customized to sink with the architectural design of your home. They are small with minimum pit and headroom size and runs on single phase current. Our products ranges from 2-6 passenger and 2-5 stops.

## ➤ FREIGHT / GOODS ELEVATOR

Elevators designed to carry goods rather than passengers. Goods elevator are larger and capable of carrying heavier loads than a passenger elevator 500kg - 4000kg. They can have manual doors or automatic doors with rugged interiors to prevent damage while loading and unloading.

## ➤ MODERNIZATION

We undertake elevator modernization projects. During this process we replace upgrade the critical parts of your old elevator. This makes your elevator more energy efficient, good performance, improved safety, low maintenance and gives the interior a modern appeal.
